

## COMMUNITY RESILIENCY INITIATIVE PROGRAM - COLUMBIA BASIN WILDFIRE RESILIENCY INITIATIVE

This program builds community capacity and strengthens wildfire resilience and wildfire risk reduction in the Basin in relation to the seven FireSmart disciplines. This program is a partnership between Columbia Basin Trust, BC Wildfire Service and its partners at the Ministry of Forests.

Community	Organization	Project	Description	Amount
Appledale	Slocan Integral Forestry Cooperative	Appledale Hall Wildfire Readiness Support	Implement a wildfire fuel management treatment on 2.9 hectares of Crown land surrounding Appledale Hall to create a wildfire education site.	\$28,270
Bayview	Regional District of Central Kootenay	Bayview Wildfire Fuel Treatment	Implement a 4-hectare wildfire fuel management treatment on Crown land near the Bayview subdivision, 9 km south of Nakusp, creating a fuel treatment demonstration site and reducing wildfire risk to the surrounding communities.	\$38,400
Cranbrook	City of Cranbrook	Canadian Rockies International Airport Wildfire Fuel Treatments	Create a wildfire fuel reduction demonstration site and an opportunity for inter-agency cross-training using prescribed fire on 25 hectares of municipal land near the Canadian Rockies International Airport.	\$162,900
Cranbrook	City of Cranbrook	Gold/Joseph Creek Fuel Treatments	Create a wildfire fuel reduction demonstration site and an opportunity for inter-agency cross-training using prescribed fire on 29 hectares of municipal land near southeast Cranbrook, beside Gold/Joseph Creek.	\$199,600
Fruitvale	Village of Fruitvale	Fruitvale Wildfire Readiness Support	Create a fuel management treatment demonstration site on a 4-hectare parcel of municipal land and promote FireSmart principles to community members.	\$75,000
Glade	Selkirk College	Skattebo Education Forest Fuel Management	Implement a wildfire fuel management treatment demonstration at the Skattebo Education Forest and promote FireSmart principles.	\$181,040
Golden	Columbia Woodlot Association	Columbia Woodlot Wildfire Readiness Support	Implement a fuel management treatment on 10 hectares of land and promote FireSmart principles to community members.	\$110,870

Golden/ Revelstoke	Columbia Shuswap Regional District	Columbia Shuswap Regional District FireSmart Staffing	Promote FireSmart principles to community members through education, events and assessments.	\$200,000
Invermere	District of Invermere	Invermere Wildfire Readiness Support	Implement a wildfire fuel management treatment for 4.94 hectares of wildland urban interface and offer inter-agency cross-training that includes a prescribed burn of up to 20 hectares of Crown land, replanting the area of the prescribed burn.	\$135,250
Kaslo	Village of Kaslo	Kaslo Youth FireSmart Initiative	Fund a Youth FireSmart Coordinator and create a youth-produced, local FireSmart video.	\$40,350
Kimberley	City of Kimberley	Kimberley Wildfire Fuel Mitigation Demonstration	Implement a wildfire fuel treatment on 2 hectares of municipal land in the Morrison subdivision and create a wildfire fuel reduction demonstration site and an opportunity for inter-agency cross-training using prescribed fire on 9.6 hectares of municipal land along Highway 95A between Marysville and Kimberley.	\$131,500
Kimberley	Wildsight	Kimberley Wildfire Risk Reduction	Carry out a 6-hectare wildfire fuel management treatment within Kimberley Nature Park, train crew members and promote FireSmart principles to community members.	\$153,400
Kragmont / Baynes Lake	Kragmont Community Society	Kragmont and Baynes Lake Wildfire Risk Reduction	Implement a wildfire fuel management treatment on 6.5 hectares of Crown land and promote FireSmart principles to community members.	\$88,400
Lakeview Meadows	Lakeview Meadows Community Association	Lakeview Meadows FireSmart Debris Bin	Provide a debris bin for community members to dispose of flammable vegetation from their properties during fall, spring and summer, and educate the community about FireSmart principles.	\$12,850
Nelson	City of Nelson	Nelson Wildfire Innovation Support	Hire a FireSmart coordinator, undertake a variety of FireSmart educational activities, implement a fuel management treatment using goat grazing and carry out a broadcast burn exercise with municipal firefighters.	\$197,190

Nelson	Regional District of Central Kootenay	RDCK Lightship Wildfire Risk Reduction	Use the GIS platform Lightship to collate data that will help identify opportunities to reduce wildfire risk and increase wildfire resiliency within RDCK's wildland urban interface.	\$127,000
Renata	Renata Development Society	Renata FireSmart Demonstration Project	Provide training and FireSmart educational activities and create a wildfire fuel management demonstration site.	\$200,000
Salmo	Wildsight	Salmo Ski Hill Wildfire Reduction	Create a 4.6-hectare fuel management demonstration site on Crown land near the Salmo ski hill, train crew members, purchase equipment and promote FireSmart principles to community members.	\$165,000
Wasa	Wasa and District Lions Club	Wasa Fuel Management and Demonstration	Develop a wildfire fuel management demonstration site for a 5.4-hectare area on local government and Crown land beside Wasa Recreation Hall and the Community Memorial Garden, promoting FireSmart principles to the community.	\$67,790
Wycliffe, Tie Lake and Wilmer	Regional District of East Kootenay	Regional Parks Wildfire Fuel Reduction	Implement a wildfire fuel management treatment at Wycliffe and Tie Lake Regional Parks and Wilmer Community Park and promote FireSmart principles to community members.	\$200,000
<b>TOTAL</b>				<b>\$2,514,810</b>
