How does the subsidy work?

WAGES

If your application is successful, you will **receive an \$8.00/hour wage subsidy** to support your first level apprentice.

If you retain the same apprentice to complete their second level work-based training requirements for the same trade, you may re-apply to the program. If your application is successful, you will receive a **\$4.00/hour wage subsidy**.

We will then expect you to top up this wage to the market wage rate for the position. Find wage rates under Explore Careers at <https://www.workbc.ca/Jobs-Careers/Explore-Careers.aspx>.

NOTE: The minimum wage has increased from \$13.85 to \$14.60 effective, June 1, 2020.

Information regarding BC Minimum Wages and other BC Employment Standards can be found at <https://www2.gov.bc.ca/gov/content/employment-business/employment-standards-advice/employment-standards>

MANDATORY EMPLOYMENT-RELATED COSTS

Mandatory Employment-Related Costs (MERCs) include Employment Insurance, Canada Pension Plan, WorkSafeBC and 4% vacation pay.

If you receive a subsidy, we will reimburse you for these costs, calculated as part of the final claim process. They will be based on the total wage subsidy claimed, not the total wage you paid.

For example, if you pay a wage of \$25.00/hour, you will be reimbursed for costs calculated against the \$8.00 wage subsidy. You are responsible for additional costs related to the wage top-up.

FINANCIAL CLAIMS, PAYMENTS AND MONITORING

We will determine the number of claims and claim dates based on individual agreement start dates.

Generally, employers may submit their first claim four weeks after the Apprentice's approved start date.

Note:

- We will not issue advance payments.
- We will monitor you through a virtual meeting or phone.
- We will base financial reimbursements on satisfactory reporting requirements.

If your application is successful, we will provide you with further details on claims, payment and reporting processes.
