CORPORATE MATTERS

Columbia Basin Management Plan Renewal
The Board was provided a memorandum that outlined issues related to the renewal process for the Columbia Basin Management Plan Strategic Priorities (CBMP) 2020–2022 and a staff recommendation to extend the term of the current CBMP to the end of calendar 2023 due to the following considerations:

- ongoing uncertainty related to provincial Public Health Authority constraints on public gathering due to the COVID-19 pandemic,
- recognition that the pandemic may influence the content of resident feedback and thus engagement would be best informed post-pandemic,
- internal staffing constraints arising from various health and/or maternity leaves, and
• recognition of further opportunities for the Trust to address the six strategic priorities and two integrated priorities identified in the CBMP 2020-2022.

Staff further recommended a fulsome Board review of the existing CBMP strategic priorities at the November Board meeting.

The Executive Committee has endorsed both recommendations and a proposed resolution was put forward for Board approval.

34/21 Moved, Seconded and Resolved that:
The Board of Directors hereby approves an extension to the term of the Columbia Basin Management Plan: Strategic Priorities through to the end of calendar 2023, and further directs staff to develop a plan for a review and potential refinement to the existing plan to take place no later than the end of calendar 2021.
